Curriculum Vitae / Application for KCAB International Mediators

MEDIATION EXPERIENCE

• **Mediation Style:**

By presenting the simulated damage calculation together with the legal entitlement, the parties can recognize the risk exposure and reach an agreement. Dispute avoidance approach always works well.

• **Mediation Institutions Enlisted as a Mediator:**

None

• **Others (related experience with international mediation):**

First-hand experience in the field of International Arbitration covers the in-house needs, independent quantum expert and the evidence management a.k.a., e-Disclosure.

In-depth knowledge and experience in the field of international EPC industry enhances the efficiency of understanding and pin-pointing the issue at matter, which leads to effective resolution of disputes.

Engineering background and professional legal supports are able for the parties to meet in the middle so that they can resolve the issue amicably.

Those are what I learned from the below engagements, the list of which are not all inclusive.

- Arbitration from an energy project in the middle east,
- Independent quantum/damage evaluation for oil & gas project in the middle east,
- Independent forensic accounting expert role for oil & gas project in the middle east,
- Independent economic evaluation for an energy project in the middle east,
- Independent delay analysis together with prolongation cost evaluation for an energy project in the middle east,
- Independent delay analysis for an infrastructure project in Asia,
- Independent quantity verification for an energy project in Korea,
- Independent evidence investigation for an energy project in the middle east,
- Independent evidence due diligence for an industrial plant in Korea
- Independent evidence due diligence for a ship builder prior to an arbitration
